NotePage, Inc. White Paper

Company Name: Brinks Security
Web Address: www.brinksinc.com
Industry: Security

Business / Organization Description:

Brink's is the world's largest cash management company with an unmatched footprint and customers in over 100 countries.

How is PageGate Used:

Brinks Security uses PageGate to dispatch pages to the technicians to service ATM related issues based on requests received from the customers.

PageGate is a very critical piece of software. The pages/text messages have to go out in a timely manner. If they are not dispatched in a timely fashion Brinks will be missing the SLA/service, which would significantly impact their business.

Customer Quote/Comments:

"We've been using the product for 10 years and it works great and we get excellent technical support."

Sridhar Thotakura
Brinks, Inc.
