NotePage, Inc. White Paper

Company Name: CommScope
Web Address: www.commscope.com
Industry: Manufacturer / Construction

Business / Organization Description:

CommScope is manufacturer of wired and wireless antennas, which are spread out across all regions APAC, EMEA, NAR and CALA.

How is PageGate Used:

CommScope uses PageGate as an alerting service to notify users / system admin if there are any issues with IT services. Due to the timeliness of messages being sent and received an engineer can take necessary actions before the issues impact business loss.

Customer Quote/Comments:

" PageGate is very useful tool for SMS notification it can be integrated with other tools using GETASCII and GETWEB plugin. It is a very helpful tool for business organizations. "
Anil Kumbhar
